Fifth virtual UEMS/BTC preparatory course for transplant coordinators and colleagues involved in the field of organ donation.

Meeting the international experts and learning from their experiences is important in order to increase knowledge and share experiences. In an international symposium, all important aspects of organ donation and a general insight on tissue donation are covered in five sessions and presented by international experts.

The virtual preparatory course in view of the UEMS transplant coordinator exam is available and accessible for all interested colleagues involved in the field of organ and tissue donation.
